Money Only—Burglaries Hit Six Cameron Firms Tuesday Night

The sheriff's department and city police Tuesday night were kept busy following on the heels of what was evidently a small band of burglars entering stores by way of their front doors and leaving with, in each instance, only the money that could be found.

At Matula Grocery \$3.30 was reported by the Sheriff to have

been taken. At McAtee's Service Station \$15.00 in quarters nickels and dimes; at the Bar M no loss was reported and the Pearce Oil Company missed nothing. Markham Cleaners lost \$2.25 in cash and Jack Logan Service Station missed \$20.00.

Speculation Wednesday morning was that the dismissed deputy City Marshal's absence from duty was allowing the small wave of entries. It was the first night in quite a number that Sheriff Black and Marshal Joe Richter had gone in. Sheriff Carl Black said Wednesday morning that he had mentioned to the Marshal that "They'll probably strike tonight but we can't work night and day" and with that the two left the night detail with the watchman and the substitute Deputy Marshal, Lee Fuller, at about midnight.

Mrs. Harry Haraway did a good job of putting off the flu bug until Harry got back from California. Almost that is... now her young-uns are winding up in turn.

A local pastor is reported to have told his congregation "If you are going to pray for rain then don't be so ungrateful that you stay away from church if it does."

Picked up some FREE chicks from Leo Fuchs store the other day. Anticipated repaying some of the eggs he has given me. Found out all the chicks were roosters. His clerk had to admit that EVEN PURINA won't make them lay eggs.

SMALL TALK: A little cousin the other day told her grandmother, in all seriousness, when offered a nickel for Sunday School "We don't use nickles any more—just quarters."

Another bit of naivete was when a nephew saw a churchman from his church, on Sunday, pulling a boat behind his car. "Look daddy Mr. so and so is taking his boat to Sunday School."

Rockdale is planning a bigger and better Christmas this year than ever before. They are behind Cameron. The CHRISTMAS DECORATIONS are already up in this city. They may look like strings by the time Christmas gets here if the City doesn't take them down "For a while." The Jaycee president is quite perplexed that so many people are asking him about why the decorations are up. "If we have to take them down they will be donated to the City". If that happens they may not get up any faster the next time than they got down this time.

If you want to submit a "Cute Saying" from the lips of children send it in. We won't GUARANTEE to use it but if it rings a bell we'll use it.

Student Council Maroon-Gray Day Tuesday Jan. 31

The Yoe High Student Council is sponsoring the annual Maroon and Gray Day on Tuesday January 31.

Mr. and Miss BASKETBALL will be the couple, wearing the best apparel in the school colors (maroon and gray).

At the Georgetown-Cameron Basketball game Tuesday night, the chosen couple will be presented. In addition to the two basketball games the Yoe High Swing Band will play. Just think! all that for twenty-five cents! What a bargain. Don't forget it is on Tuesday, January 31, at 6:30 p.m. at the Yoe High Gym.

Sherry Ann Zarosky Born Jan. 17 In Temple Hospital

Mr. and Mrs. Matt Zarosky Jr. announce the arrival of Sherry Ann, born on January 17 at Scott & White Memorial Hospital in Temple. She tipped the scales at 6 lbs. 8 1/2 ounces.

The mother is the former Miss Jo Ann Bartek. Grandparents are Mr. and Mrs. Joe Bartek and Mr. and Mrs. Matt Zarosky Sr.

Future Farmers And Dates Enjoy Annual Party

Forty Future Farmers of the FFA Chapter of Cameron attended the annual social of that organization in the Vocational Agriculture building at 7:30 p.m. Jan. 16.

The boys and their dates enjoyed dancing, playing of games and dominoes. Refreshments were served.

Swine Committee Holds Contest For Bureau Youths

Robert Jungmann, chairman of the Swine committee, says any boy or girl whose parents are members of the Farm Bureau are entitled to register for the drawing of the Pigs to be given away on the Anniversary of the Farm Bureau on February 16.

Any youngster desiring to enter the contest may contact the Farm Bureau office for an entry blank or of any additional information on this contest.

Two Cameronites To Train At Great Lakes

Billy Jistel and Jack Van Winkle were enlisted in the U.S. Navy at Dallas on January 20. They will receive their basic training at the Great Lakes Naval Training Center in Illinois.

Fourth Grader Tells Of Indian Art At Herald

Ed. Note: The following article is positively the work of a fourth grade student. It describes the Indian lore portrayed this week in a window of the Cameron Herald. Anything dissimilar between this article and one written by a high school "A" student is purely coincidental. We are not only proud to re-print such a composition but also proud to display the work of these students. Any fourth grade parent failing to see this display is guilty of gross indifference to a REAL work of love and art done by Ada Henderson students.

By: Evelyn Vrazel, Room 4-W

The Indian art was inspired through reading classes. After several stories had been read much interest was awakened by questions from the class members.

From the Library we were sent books and magazine articles.

Then children contributed articles, story books and a large map showing the many Indian reservations of the U. S.

We correlated this work in reading spelling, language, geography and arithmetic, art and See Fourth Grade, page 12

Jack N. Prescott Wins Second Tiff With Bryan Bank

In a complicated legal tiff between Jack N. Prescott, Cameron attorney, and the First National Bank of Bryan in a garnishment proceeding Prescott has carried his point a second time, this time through the Third Court of Civil Appeals.

Originally the case started as a suit by Charlie L. Roberts against James and Lois D. Haile for \$1,767.67, plus interest and costs. The Hailes lost in Milam county district court, and gave an appeal bond with Prescott as a surety. The Hailes lost on appeal, so a judgment was entered against them, and against the sureties on the bond.

On Sept. 11, 1954 Prescott paid off. Then is when he, Prescott, filed garnishment suit against the bank which presumably held the contested account. Prescott got a default judgement. The Bank asked for and was denied renewal in trial court so the bank appealed to the Third Appellate Court.

The Appeals court went down the line with Prescott and against the bank so now the Bryan bank can either pay off or proceed with an appeal to the supreme court.

AT ARBOR DAY CEREMONIES, held by the Cameron Civic Garden Club, the ladies plant a Magnolia tree on the grounds of the Ben Milam School. The club membership, 100 per cent in attendance, shown here are reading left to right: Messrs Roy Wright, Auttis Franklin, John Ryan, Giles McDermott, W. R. Newton Sr., Frank Schiller, L. R. Wallace, Alvin Dusek, R. G. Grabein Cato Sheerer, O. G. Tumlinson, Edwin Adams, Albert Horstmann (hidden behind the next lady) Mrs. J. D. Moore and Mrs. Leo Fuchs, president of the Cameron Club.

Farm Is Only Industry Taxed For Power

Progress is claimed by the Milam County Farm Bureau in getting the Federal tax on non-highway used gasoline taken off.

Agriculture, says the Bureau, is the only industry whose source of production power is taxed.

It will help a lot for farmers to write their congressmen and ask them to use all their influence to help get this tax taken off.

Stanley Sipula At Home Following Army Discharge

Stanley Sipula received his discharge from the Army on January 18 and arrived at home Friday.

He was stationed with the Anti Aircraft Artillery Battalion in Richmond, California for the last 19 months.

His parents are Mr. and Mrs. Mike Sipula of Maraksville.

Chamber Committee Chairman Considers Cannery Campaign

On the industrial scene, Lester Williams, told C of C board members that the Agricultural Agent of the Santa Fe had contacted him in reference to promoting interests in particular crops which might lead to the establishment of a cannery plant here.

Old Cotton Belt Gains Credit For Upping Acreage

The Old Cotton Belt Association was represented at a meeting of the Chamber of Commerce Board of Directors meeting Friday.

The representative, Mr. Goad of Rosebud reported that the association was given credit for helping increase Milam County's cotton allotment by more than 1,000 acres in 1956.

The allotments have fallen sharply from 89,000 acres in 1952 to 54,000 last year while the next Milam County acreage will be 55,420 acres, representing about \$50,000 more income to the county.

Weldon Gilchrist of San Gabriel is a director of the association, Goad said, and he encouraged the Chamber to interest itself in promoting meetings in small towns or just anywhere in the interest of the Old Cotton Belt Association.

C of C Membership Drive Suggested By Chairman

A membership drive for Chamber of Commerce dedicated to Lester Williams was proposed at a meeting of the Chamber Board of Directors Friday.

This would be a fitting tribute to the man who led in the drive to obtain the Walled-Lake Manufacturing firm for the Cameron area said Jimmy Wiggs, membership chairman.

"Now is a perfect time for us to begin a solicitation of memberships," said the chairman.

All members of the Civic Garden Club were present for the program and planting of a Magnolia Tree on the Ben Milam school grounds, Jan. 20 at 3 p.m.

At the ceremonies, Mrs. J. D. Moore gave the origin of this day as having begun in Temple, Texas in 1889.

Mrs. Moore said that the total number of trees planted at Arbor Day is probably very small in comparison with the total number planted in any year, but that millions of trees are planted throughout the year as a result of interest stimulated by the celebration of Arbor Day. Trees, she said can serve for either shade or for ornamental purposes.

"What Do We Plant When We Plant A Tree?" was a question posed and answered by Mrs. Edwin Adams at the ceremony.

The tree was then planted with then read by Mrs. R. G. Grabein. Club, Mrs. Leo Fuchs, throwing the first spade full of dirt on the tree and each of the ladies in turn completing the job of planting the club's Arbor Day contribution to the school system.

"Trees" by Joyce Kilmer was the president of the Civic Garden.

In a prayer led by Mrs. G. A. McDermott, she commended care of the Magnolia to Almighty God. "May it be Thy will that it flourish and bring beauty to this school area and give joy to these dear little ones... as they are privileged to play about it." "May the evergreen nature of this tree, be a reminder to those who pass this way, of Thy ever readiness to bless all who submit to Thy will.... In Christ's name. Amen."

Farm Bureau Accepts Lead In Wolf Trapping

At the request of Judge Charlie Smith, the Milam County Farm Bureau has accepted leadership in the Wolf trapping campaign ready to be waged in Milam County and the Federal Government.

The Farm Bureau asks any farmer who is affected by wolves to please leave his name and location of his farm at the Bureau office, in Cameron so that it can be given to the trapper. The trapper will then contact the farmer.

Judge Smith requested the Milam Farm Bureau to take the lead in the campaign because that office is adequately backed grounded in the details of wolf depredations and because of its clientele being the ones affected. President of the Farm Bureau John A. Smith accepted the leadership of the campaign for his organization and has it ready to begin on February 1 as scheduled.

Homer Tompkins Presented At KC Football Affair

Football fathers were included in the Knights of Columbus annual invitation to members of the football traveling squad, coaches, and officials to a banquet given at the KC Hall at 7:30 p.m. Monday Jan. 23.

Johnny Andres was master of ceremonies and following introduction of Henry Schattler Jr., Grand Knight of the Cameron Lodge all the fathers and players coach Leo Jackson introduced Homer Tompkins who has been added to the Yoe staff for the triple A competition this year.

Tompkins moved with his family on Sunday January 22.

Jackson outlined an intramural sports program set up at the school for fourth grade up and introduced the players present outlining their scholastic status.

Barbecued chicken and all the trimmings was the menu.

Centex Student Will Win Baylor Bank Scholarship

Applications for the \$1000.00 a year Banking Scholarship at Baylor University are now being received from 1956 high school graduates of Central Texas, according to Richard Williams, Vice President, of First National Bank in Cameron.

The Scholarship is awarded annually to Central Texas high-school graduates judged most likely to succeed in the banking profession.

Recipients of the Scholarship are chosen each year by a committee composed of the Dean of Men of Baylor University, the head of Baylor's Business School and the Financial Vice President of Baylor University. Applicants from any high school located in the following counties are eligible Bell, Bosque, Coryell, Falls, Freestone, Hamilton, Hill, Leon, Limestone, McLennan, Milam and Robertson.

Applicants may secure application forms from their home town See Centex Students Pg. 12

Jimmy Caywood Smiles and Says . . .

Brace Up Folks! This May Never Happen To You

By Mrs. Martha Kahler

The bright smile on little Jimmy Caywood's face belies the fact that he has spent nearly half of his young life as a victim of polio.

Jimmy, who contracted spinal polio when he was five months old is a chubby, appealing youngster. Although he is well enough to remain at his home in Rockdale now, he spent 38 days in Waco's Providence Hospital last year. Since his release in December he is required to spend one day each week at the hospital undergoing physical therapy in the form of tetanizing current and hot pack treatments.

Jimmy wears a brace on his right arm—a tragic aftermath of the crippling disease. The brace is removed only for several short periods a day in order to exercise his crippled limb. In the past month, Jimmy has begun to use his right hand to grasp small objects, but the infant must wear the brace for at least two years and continue treatments for an indefinite period.

Jimmy's chances for rehabilitation through costly and lengthy medical care will be possible only through money provided by you through the March of Dimes. The National Foundation for Infantile Paralysis has paid all of Jimmy's hospital and doctors bills, but his road to complete recovery will be a costly burden shouldered by the NFIP.

Jimmy is one of 68,000 stricken victims in the United States today who still require regular medical treatment. The vaccine has proved effective, but polio isn't licked yet. These thousands are depending on the March of Dimes to make their necessary medical aid possible. You are their only hope.

Waco's James Knight Takes Over Alcoa Public Relations February 1

The Aluminum Company of America has named James Knight of Waco as Public Relations Manager of the Rockdale Works. Mr. Knight will move to Rockdale and assume his new duties on Feb. 1, according to W. H. Shepard, Manager of Alcoa Public Relations in Texas.

Knight is Promotion Manager of the Waco Tribune-Herald. Before organizing the Promotion Department for that newspaper a year ago, he was State Editor and has been connected with the Waco papers for more than 14 years.

He is a native of Madisonville, Texas, where his father published a weekly newspaper for many years.

Knight is a member of the executive board of the Central Texas Chapter of Sigma Delta Chi, professional journalism fraternity and is a member of The Wrangler's Club, an organization which promotes the Heart O' Texas.

Milam Farm Bureau Members Attend Institute

Nine members of the Milam County Farm Bureau attended a one day Institute of the Williamson County Farm Bureau on Saturday January 14 at Granger High School.

A most interesting program and very good attendance was reported.

as Fair each year at Waco.

Both Mr. Knight and his wife Lois, are graduates of Baylor University.

They have two sons, Andy, 13, who was an All-Star Little League baseball player in Waco in 1955; and Pat, who will be 4 in March.

Foundation Studied For Industry Sites

An Industrial Foundation may be kicked off with the land left over from the fifty acres obtained for or in behalf of the Walled Lake Door Company. Nearly 15 acres remains now under option to Mr. Lester Williams who has offered to sell to the Chamber of Commerce at his cost or give the Chamber a one year lease on that property. The County is willing, according to E. A. Perrin to sell to such foundation twenty acres on either or both sides of the railroad. The land to be sold on bids. This option or purchase will be on the agenda for the February meeting of the board.

Over 21 million children in the United States are junior members of the American Red Cross. They carry out a year-round variety of community, national, and international projects.

GEORGE QUINIF President of Walled-Lake Door Manufacturing Co. soon to have a plant operating in Cameron.

A Bermuda grass sprig planter has been purchased by the board of supervisors of the Little River-San Gabriel Soil Conservation District and is available to district cooperators who have sodding jobs to accomplish.

The sprigger itself is a one row planter capable of planting one to one and one-half acres per hour to Bermuda grass sprigs at speed of three to five miles per hour. Fertilizer attachments facilitate a complete planting job in one operation with a minimum loss of soil moisture involved in the opening and covering processes of planting.

The planter is at present under the custodianship of board chairman, Gilbert Kretschmar, Route 1 Bartlett, Texas, Phone Lumbert 7-3577. It is the intent of this planter, according to Kretschmar, to serve the needs of district cooperators in the east half of the district. Rental fee for the use of the sprigger is two dollars per acre or a minimum fee of two dollars.

Sodding of Bermuda grass may be accomplished in the immediate future, according to Soil Conservation Service personnel of Bartlett, where adequate soil moisture is available. Bermuda sprigs for use in connection with the above planter will be available at a cost of some twenty cents per cubic foot. Twenty cubic feet of roots per acre will give very good spacing in rows for waterway sodding. Lesser amounts may be used on lands where a thick stand of plants is not as essential for a quick cover development.

A good mellow seedbed is of prime importance on all sodding jobs. This is particularly true where the sprigging machine is to be used. It will probably operate best on flat seedbeds.

Pioneering in first aid instruction, the Red Cross began building its program during the early years of this century. Last year the Red Cross issued 680,000 certificates to persons who satisfactorily completed training in first

aid.

LITTLE RIVER PHILOSOPHER WANTS FARM CLASSIFIED AS FOREIGN SOIL SO HE CAN GET IN ON FOREIGN AID.

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River has a unique solution for the farm problem, slanted in his favor, naturally, his letter this week reveals.

Dear editor:

I was sitting out here by the fire the other night reviewing the proposed United States budget, mostly out of curiosity, as I always like to see what one looks like, I don't use one myself out on this farm, don't have to, the bank budgets me, and I was reading along letting the figures sift through my mind like sand running through your fingers and carrying about the same meaning, when I realized I'd passed a couple of significant figures and went back and checked.

Sure enough, the figures were for farm aid and foreign aid.

According to the budget, the government proposes spending nearly five billion dollars on foreign aid this year, and not quite three and a half billion on farm aid.

My neighbor claimed what this proves that it's cheaper to own foreign land than domestic, you get more aid and don't have to pay taxes, but I don't agree, I'll keep my land in this country.

But I did get to thinking, Understand, I don't know anything about foreign aid, it may be cheaper than fighting a war, although I imagine if you went back far enough you'd find a good many countries we've helped in the past were fighting us in the last two wars at least, and know we're now helping some of

What's My Future?

Banker?

the countries we whipped in the last one, but if the experts in Washington say we ought to spend more than ever on foreign aid, it's not my job to disagree. They may be right.

But I was just wondering, Is there any way part of the surplus farm land in the United States could be classified as foreign soil in order to get in on some of that foreign aid? Couldn't Congress pass a law temporarily designating my farm as say a part of India until the farm crisis passes? I understand to get in on this foreign aid you've got to be backward, use out-of-date farming equipment, look a little run-down at the heels, and indicate a willingness to be friendly toward a hand-out, and I believe I could meet those terms satisfactorily.

Of course I wouldn't want to lose my voting privileges, I don't want to be classified as a foreigner myself, but if it would ease the government's conscience any, it would be all right to classify my farm temporarily as foreign soil and remove it from the tax roles, and I'll carry on as long as the checks keep coming in. After that naturally I'll vote for the other party, or whichever one that keeps the most aid coming in.

Yours faithfully,
J. A.

46,545 Texas Men Enter Military Service In 1955

A total of 46,545 Texans entered military service in 1955, records at state Selective Service headquarters showed Thursday.

While these Texans were donning uniforms, a total of 54,499 was separated from active service, Lieutenant Colonel Morris S. Schwartz, state Selective Service director, pointed out.

"Nearly 8,000 more got out than went in," Colonel Schwartz said, "a reflection of the reduction in strength of the military services during 1955."

Of the 46,545 Texans who went into military service, 38,591 went in by enlistment or other voluntary means. The remainder, 7,954 entered service through the draft boards. Nearly all those entering through the draft went into the Army. Only a few inductees went into the Navy, all in the month of November.

Texas' 137 draft boards forwarded 6,946 men during 1955 for pre-induction physical and mental examinations. Of this number, 4,200 were found acceptable for service, and the remainder, 2,746, were found unacceptable.

"This means that almost four out of every ten men examined during the year were turned down for military service," Colonel Schwartz pointed out.

When a draft board registrant is given the examination, he returns home to await his call for

65,569 Texans Register For Draft During 1955

A total of 65,569 Texans registered at local draft boards in the state during 1955, practically all of whom were 18-year-olds.

Federal law requires men to register on their 17th birthdays or within five days thereafter. Lt. Col. Morris S. Schwartz, state Selective Service director, pointed out.

Under present regulations and policies, no one is drafted under age 21 in Texas except volunteers or delinquents. But the law obligates males to register at 18.

Since the present law was enacted in 1948, all males born since August 30, 1922, have had and now have legal obligation to register, except those not yet 18.

A man who fails to register as required, upon prosecution and conviction, is subject to fine up to \$10,000, or five years in prison, or both.

"Altering of registration certificates, or the carrying of registration certificates by unauthorized persons is subject to the same punishment," Colonel Schwartz said.

Cases have come to light in the past where boys under 18 have had draft registration certificates in their possession so they can buy beer at public taverns.

Hanover - Liberty Rockdale Roads Contracts Let

A contract for the construction of grading, structures, base and surfacing on Farm to Market Road 2095 in Milam County was awarded in Austin this week, Mr. John E. Blair, District Highway Engineer at Bryan has announced. The firm of R. C. Buckner, Jacksonville, submitted the low bid of \$25,394.02 on the project which runs from Hanover southwest to Liberty.

Resident Engineer Joe G. Hanover of Hearne will be in charge of the project for the Highway Department, and it is estimated that the work will take 100 days to complete.

It's Got All Texas Talking! --- "The TEXAN" by Dodge

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

The Texan by Dodge!

A handsome, rugged car big as all outdoors, with the surging power of a quarter horse, sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The Texan is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpiest, ruttiest, sandiest road and comes back for more. Powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats, it gives you the same superior engineering and design that made Dodge the greatest

sales-gainer in the industry in 1955.

Plenty of special features, too... specially designed interior trim, special paint combinations, jaunty twin exhaust pipes, and other smart touches. The Texan's name is proudly blazoned on both rear fenders. Truly a beautiful car to be admired by you and your fellow-Texans.

Best of all, the Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious... rivaling cars costing as much as a thousand dollars more! Visit your nearest Dodge Dealer now and drive the Texan!

Blue Cross-Blue Shield Insurance Again At Milam Farm Bureau

Mr. John A. Smith, President of the Milam County Farm Bureau has announced a re-opening of their Blue Cross-Blue Shield Group. Application for a special re-opening was voted by the Board of Directors in a recent meeting. Approval of their application has been received and Farm Bureau members who are not now enrolled may join between Jan. 1, 1956 and Feb. 15, 1956.

The Texas Farm Bureau Board of Directors approached Texas Blue Cross several years ago with a request that a special group plan be developed to offer to the various County Farm Bureaus throughout Texas. A program of benefits and rates was prepared and presented to the State organization for study and approval.

Today, Blue Cross-Blue Shield groups are found in most of the counties of Texas that have Farm C. I. E. (Catastrophic Illness Endorsement) is offered to each farm and ranch family when they join Farm Bureau. The present special campaign is designed to permit those who belong to Farm Bureau, or who join during the Blue Cross-Blue Shield campaign to enroll for Hospital and Doctor repayment without serving the usual 6 months eligibility period.

Families throughout the nation have long recognized the importance of protection against the cost of unexpected hospital and medical-surgical care. Just twenty-five years ago, no such plan existed. Those who could not save enough out of earnings or income were often faced with the serious problem of meeting unexpected bills for the care of a member of their family. In 1929 a Texas hospital modestly launched the first experiment in Group prepayment. Each member of the Group paid in a like amount each month and when any member of the Group required hospital hospitalization, the funds were available to give relief from the charges made for his care.

Blue Cross and Blue Shield, have pioneered in many fields. Their entry into the field of Group protection through the Farm Bureaus in each county was another experiment that proved to be an invaluable service. Texas Farm Bureau has long recognized that Texas farm families were entitled to the same protection as business and industry.

Texas Farm Bureau members have already received millions of dollars in benefits from Texas Blue Cross-Blue Shield. Mr. Smith stated that those who belong to Farm Bureau, or who join now, may enroll for Blue Cross payments to the Hospital, Blue Shield for the Doctor, and C.I.E. gives added protection of up to \$5,000. for treatment of eleven dread diseases, including Cancer, over a period of up to five years for each specific disease.

Application may be made through the County Farm Bureau office and payments are made through Farm Bureau each quarter.

Each Farm Bureau member not now enrolled in Blue Cross and Blue Shield will receive information on the services and their cost. For detailed information, contact the Farm Bureau.

The current campaign to enroll new members in the Farm Bureau Blue Cross-Blue Shield Group in Milam County recalls that the idea for prepayment of health care was first introduced in a Texas hospital just 25 years ago, and today, Blue Cross, the direct descendant of that movement, has over 47,000,000 members in the United States.

New Reserve Forces Act Information Now Available At Board

Advance copies of new Selective Service Regulations having to do with the Reserve Forces Act of 1955 and Executive Orders have been received by the Local Board office.

The two Executive Orders signed by the President, creating a new chapter in the Selective Service System set of regulations, will serve two important purposes: First, the services of young men will be utilized where most needed in a defense supporting economy now and in event of mobilization and second will assure that the Ready Reserve will be immediately available with minimum loss in their ranks of men with proper training and necessary skills.

The Local Board office anticipates that many young Milan County men and the vital defense supporting industries employing them will take advantage of this new program.

Anyone interested or desiring information is urged to call at the office and the Clerk, Mrs. Loretta M. Brock, will explain any phase of the new regulations or answer questions about it.

Throughout the years there has been but one focus of Red Cross activity - service to humanity. The organization is celebrating its 75th Anniversary this year with pride in a long record of outstanding achievements.

Gravy Not Spuds Carry The Pounds Says Diet Expert

February dieticians, housewives have the following items on their plentiful foods list according to Mae Belle Smith, extension specialist in consumer education. Potatoes are being consumed in

decreasing amounts because they are thought to be fattening says Miss Smith. This isn't true, she says, for a medium sized potato contains about 100 calories. The thing to watch is the butter and gravy that is commonly eaten with the potato.

Potatoes lead the list with pork, beef and grapefruit following in close order. Completing the list for the "Leap year month" is rice, broilers, fryers, milk and other dairy products with vegetable fats and oils, peanut butter, lard and canned tuna.

Now is the time to sod waterways with Bermuda grass. Several cooperators have had their water ways staked and have their land ready for sodding. Any farmer needing information and technical assistance on waterway sodding is urged to contact the work unit office of the Soil Conservation Service. The district has sodding machines available for waterway and pasture sodding. Also, information will be given on where Bermuda grass sprigs can be bought. Farmers who expect to terrace within the next two years should start now with his waterways.

Mrs. G. P. Marshall, district cooperator in the Heidenheimer community, has sodded three waterways on her farm. Bermuda grass roots was used to sod these waterways and a sprig sodding machine owned by the Central Texas Soil Conservation District was used to plant the roots and applying fertilizer. The waterways were designed and staked by technicians of the local work unit of the Soil Conservation Service and Mrs. Marshall prepared a good seedbed last fall. These waterways should have a good cover of grass of terracing next summer.

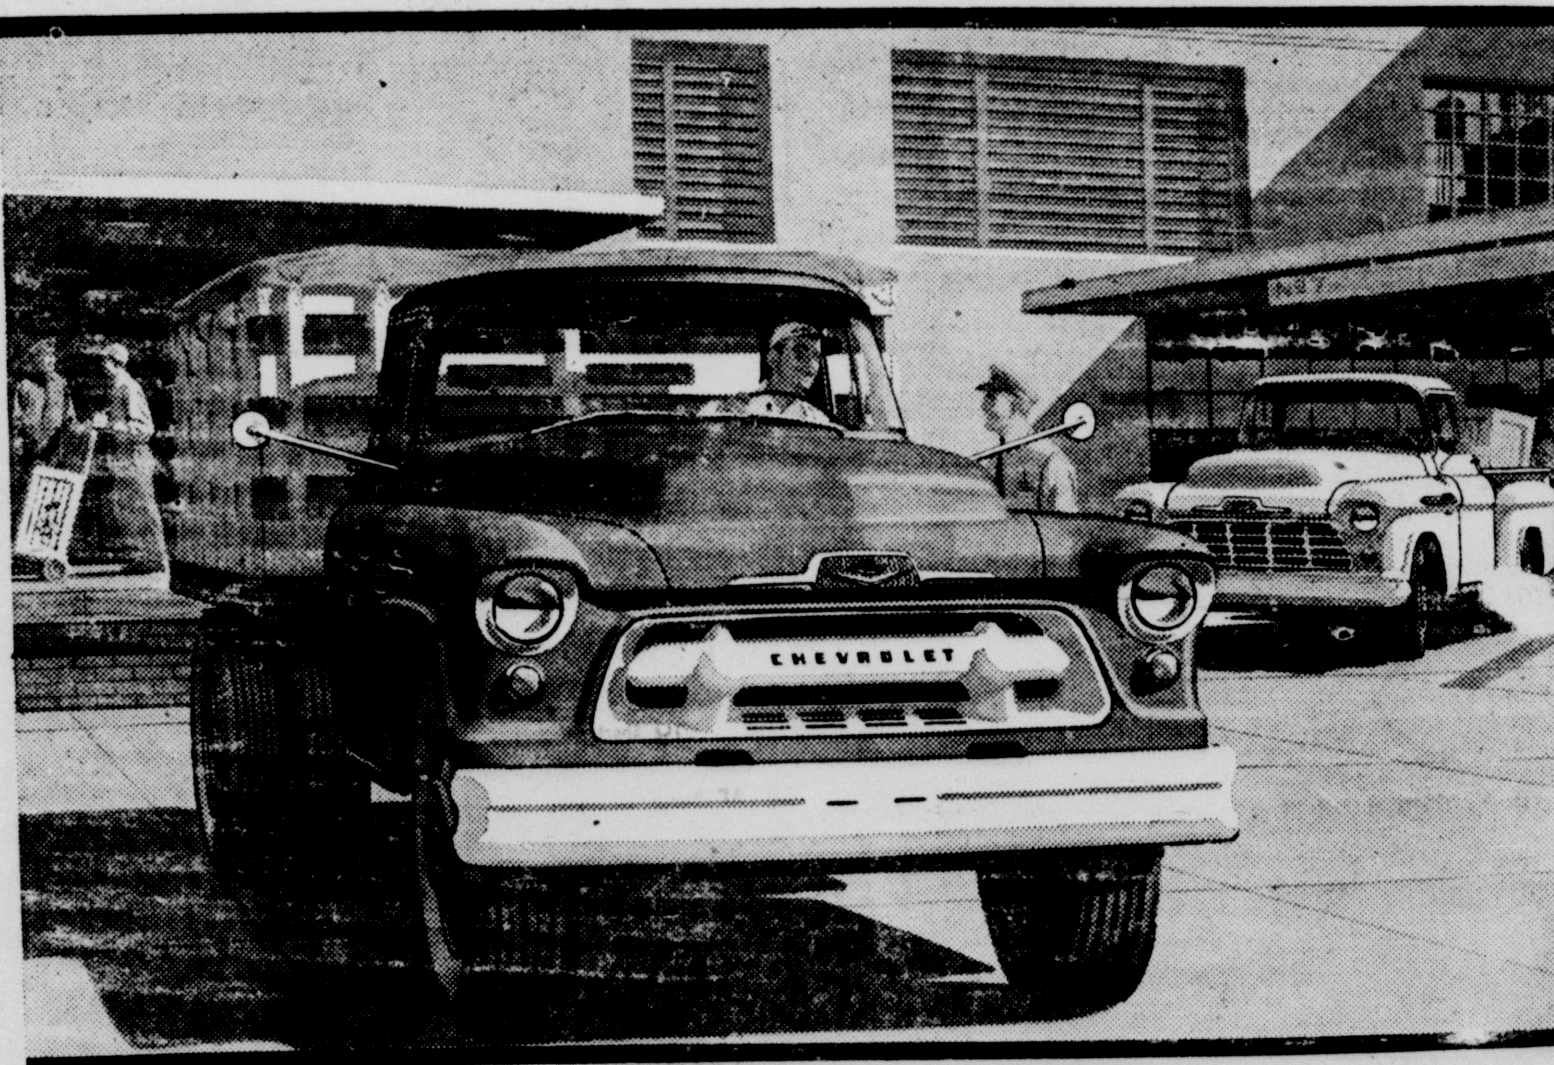

An application meeting was held in the Rogers community Friday, Jan. 13th. Rex Baugh of the Temple Work Unit, discussed the preparation and sodding of waterways. Much interest was manifested in this work and a number of farmers have made arrangements to use the district owned sprig sodding machine to plant Bermuda grass roots on waterways.

N. O. Hagler, cooperator in the Tennessee Valley community, is getting some good grazing from his pasture that he rested all summer in 1955. Hagler rested a 150 acre pasture from March until November 15th, permitting his native grass and his King Ranch bluestem that he seeded in March to make a good growth and seed crop. He turned in 40 head of steers November 15th and they are doing very well. He plans to run the steers until spring and then give this pasture a rest through the growing season next year. He is doing some clearing now and will seed the cleared areas in February to King Ranch bluestem.

Hagler realizes that to get the best results from his range land, he must develop a good cover of

Civic Garden Club Elects Hears "Plant Texas" Program

Mrs. R. G. Grabein was made president of the Civic Garden Club at its meeting at the First Christian Church on January 12.

"Selecting and locating trees is probably the most lasting piece of work you will do in landscaping," said Mrs. Auttis Franklin, in her talk before the club. "Think ten times before you plant a tree and keep in mind that trees are the backbone of the entire landscape," the speaker said. The selection of trees calls for careful study, proper location will add much beauty to any home, Mrs. Franklin concluded.

Mrs. J. D. Moore spoke on "Care and maintenance of trees." Tree repair can be undertaken at almost any time of year that weather conditions permit, she said. In most cases it is best, however, to avoid periods of very active sap flow. The most commonly used rules for determining the quantity of fertilizer to apply, for any given tree calls for one to three pounds of fertilizer for each

inch that the trunk measures in circumference at breast height. The dosage varies with the kind of fertilizer used. Less fertilizer is generally applied for evergreens than for deciduous trees. A watchful eye and immediate treatment will keep your tree in good health, Mrs. Moore said.

This program was in keeping with the "Plant Texas" theme of Texas Garden Clubs Inc.

Elected by acclamation upon recommendation of the nominating committee were the following officers to lead the 1956 Cameron Civic Garden Club: Mrs. R. G. Grabein, president; Ms. Edwin Adams, vice president; Mrs. Alvin Dusek, recording secretary; Mrs. Frank Schiller, treasurer; Mrs. Giles McDermott, parliamentarian; Mrs. Albert Horstmann, reporter and Mrs. John Ryan, timekeeper.

Arrangements were furnished by Mrs. Ryan Grabein, Mrs. Alvin Dusek and Mrs. O. G. Tumlinson. They were judged by the en-

tire club.

Mrs. Leo Fuchs, past president, reminded members to plant now in preparation for the flower show in the spring.

PERFORMANCE
made it the
Largest Selling "8"
in the World...

the FORD V-8

Just look at these official registration figures for the first 11 months—January through November, 1955

Here's why!

People just naturally go for 8 cylinders in the FORD package!

And to a world record extent!

Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than the two other low-priced competitive eights combined!

Of course, the reason the Ford V-8 is the largest selling eight-cylinder car in the world is that more people like its

brand of performance—the kind that comes with the car!

These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply their demand is convincing proof of that.

And the Ford V-8 of today is the best yet . . . by a country mile!

Smoother and quieter—you can scarcely hear it, even with the hood up!

Sassier—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!

And, for the very practical question of *durability*—ask a Ford cab driver. He knows how Fords take it days on end.

So, if it's performance that you want—and wrapped like a gift—the '56 Ford V-8 is your baby.

Come in . . . try it today!

Lone Star Gas Makes J. M. Lynn Jr. Asst. Head of Sales Dept.

J. M. Lynn Jr. has been named assistant sales and promotion manager for Lone Star Gas Company's General Division of Distribution, according to an announcement by M. L. Bird of Dallas, gas company vice-president. Bird said Lynn will succeed Carl L. Trevitt.

Lynn's territory will consist of Cameron and some 350 other cities and towns in Texas and Oklahoma and he will have headquarters in Dallas.

Lynn began his Lone Star career September 15, 1930, in Dallas. After working in the meter shop and home service department for two years, he became one of the company's first four retail salesmen in Dallas. He was appointed to the post of sales supervisor in Dallas in 1939 and became assistant new business manager in 1941. He was named new business manager in 1945, holding this post until his appointment as sales and promotion manager for Lone Star's Dallas Division of Distribution in 1954. His new assignment in the General Division becomes effective February 1. At Ft. Worth AFB spent the week-

Texas Taxpayers To Pay Big Part Of Ike's Program

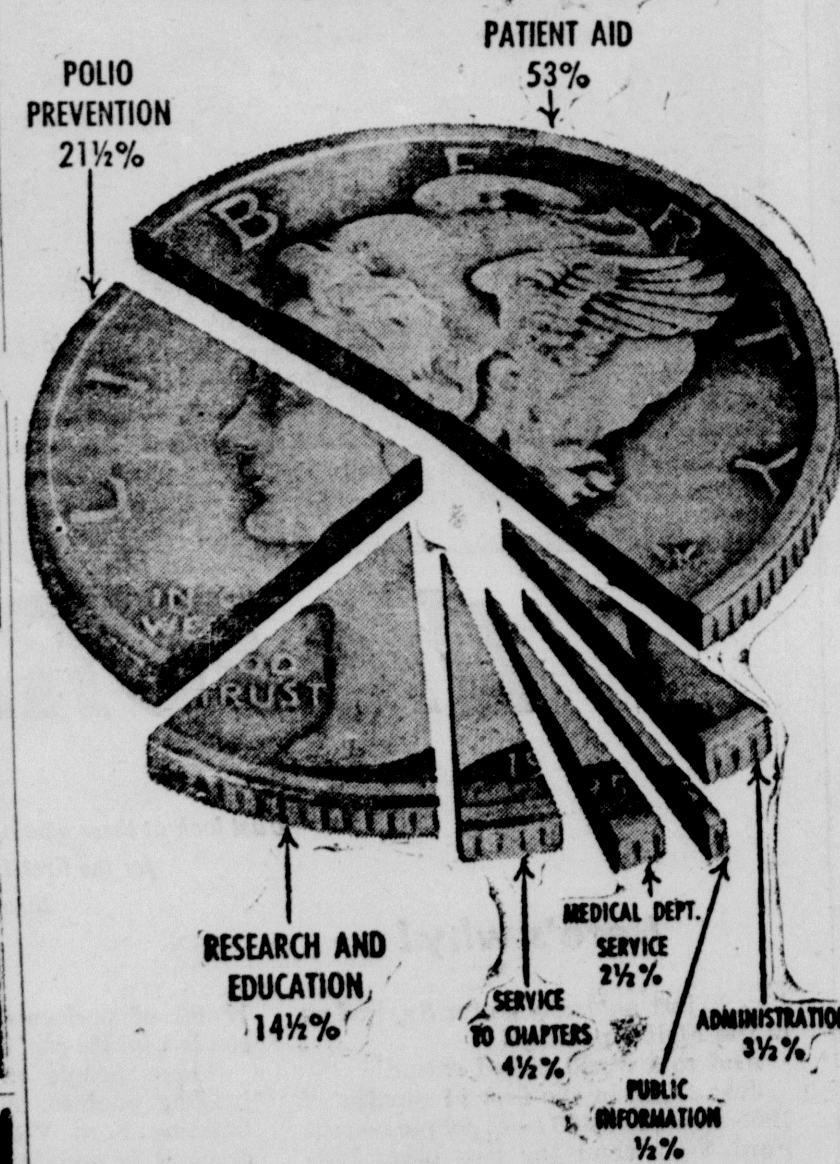

Texas taxpayers will be required to pay out approximately \$2,780,980,000 in Federal taxes as their share of the cost of the Federal spending program of \$65,900,000,000 proposed by President Eisenhower for the Federal fiscal year 1956-57, according to an estimate today by the East Texas Chamber of Commerce.

Charles F. Hawn of Athens, president of the regional chamber observed: "We are disappointed by the fact that the anticipated budget balance in 1957 results not from expenditure reduction, but from higher revenues at present tax rates, and further, that reductions in corporations and excise tax rates scheduled for next April 1 must be postponed for the third time to make the balanced budget possible."

The East Texas Chamber of Commerce analysis expressed a particular concern about several aspects of the budget. These include the reversal of the three-year downward trend in expenditures, the sharp increase in new spending authority over amounts approved by Congress in the past three years, the \$2 billion increase over last year in funds for foreign aid and the large scale new spending programs proposed in the budget.

YOUR MARCH OF DIMES MONEY

HOW IT WAS USED IN 1955

JOIN THE MARCH OF DIMES

That big slice of the dime represents the proportion of March of Dimes funds spent in 1955 on aid to polio patients. An estimated \$26,500,000 will be required in 1956 to ensure that 68,000 patients needing assistance at the turn of the year are not let down and that thousands more destined to get polio will be assured help toward recovery.

TEXAS POWER & LIGHT COMPANY

NOW IS TIME FOR POLIO SHOTS SAYS MD

State Health Commissioner Henry A. Holle today appealed to Texas parents to have their children vaccinated now as protection against polio this spring and summer.

"The polio season starts early in Texas," the Commissioner warned.

"This year, for the first time in history, we have a vaccine against the disease on hand before the Texas season opens in earnest in mid-April."

Dr. Holle said the vaccine's effectiveness to date has been "gratifying."

"Official records show paralytic polio during 1955 struck six unvaccinated children than among those who received prescribed amounts of the vaccine at the proper intervals."

Three shots are said to give a high level of protection against polio: the second shot given one month after the first shot, and the third shot following seven months later.

According to that schedule, all Texas children who received second shots summer or fall are now ready to have their third shot.

The success of the vaccine was announced April 12, 1955, after exhaustive nationwide studies. But by then countless numbers of children had already been exposed in a rising seasonal incidence. Result: 1955 was pretty much an ordinary year for polio for the nation as a whole, despite the fact that Texas' 1955 season was below the 5-year median.

Too, vaccine was in short supply during those early days, and production difficulties unsettled public confidence in the product.

Both these problems have since been overcome, Dr. Holle pointed out. Supplies are increasing daily and concerning production safeguards, "health and medical men agree that the vaccine is as safe as human hands can make it."

Vaculin Family Has Get-together For Californian

The Vaculin family were hosts to about 50 guests Sunday. A delicious noon meal consisting of chicken and dressing and pork and all the trimmings was served. The main occasion was to meet one of Mr. Vaculin's neices from Bryan formerly from California.

Out of town guests were: Mr. and Mrs. Leon Bauldin and sons, the honored guests, Bryan; Mr. and Mrs. Anton Kasper, Taylor; Mrs. Bell Schanke, Taylor; Mr. and Mrs. Tony Kasper and Kathy Taylor; Mr. and Mrs. Ed Doornat and Mildred, Blessing; and all of the Vaculin children and families.

Mr. and Mrs. Emil Vaculin of Rt. 1, Cameron, were surprised when some of their relatives and friends gave them a house warming. Everyone brought refreshments and games were played. The Vaculins received many lovely gifts.

Miss Fuchs Honored With Tea-Shower

Miss Dorothy Louise Fuchs was the honoree at a lovely bridal Tea Shower at the home of Mrs. Leo Fuchs on Saturday afternoon from 2:30 to 5 o'clock. The bride was lovely in a white princess line dress with tangerine colored bolera jacket and a harmonizing carnation corsage, a gift of her hostess.

Mrs. Fuchs greeted guests and presented them to the receiving line, Miss Fuchs, her mother Mrs. Walter Fuchs and Mrs. J. W. Beale, Sr. mother of the groom to be. Mrs. Lawrence Zelisko invited the guests into the dining room. The table was covered with a white satin cloth and nylon net. It was centered with a pretty arrangement, made by the hostess, of all white mums, cherry laurel foliage which had been sprayed white and glittered and nylon cat whiskers were interspersed for accent. Either side of the arrangement was flanked with three branch candelabra in which white tapers were burning. Mr. Alton L. Fuchs presided over the

lovely silver service and offered tea or coffee. Ms. Theo. Fuchs was at the other end of the table. Guests were offered dainty party sandwiches, tiny date muffins iced with nuts, divinity candy and assorted nuts.

Mrs. Joe Zarosky, Jr. presided over the brides book and registered the guests as they were directed to the bed rooms to view the gifts. Miss Joyce Fuchs received the gifts and Mrs. Monroe H. Fuchs, Misses Ann Wimberly and Joyce Wallace registered and displayed the gifts.

Dried flower arrangements and blooming potted plants were used to advantage throughout the Fuchs home for other decorations. A record player provided soft music for the occasion.

Miss Fuchs was the recipient of many beautiful gifts. Her wedding to Mr. J. W. Beale, Jr. is an event of January 22 at 5:30 P.M. at the Hope Lutheran Church in Buckholts.

Fish—With a French Accent

Fish is a hearty and satisfying staple the world over. But the celebrated French talent for cooking makes their fish something special, indeed.

Here is a famous French recipe for fish—with an exotic flavor that will "wake up" the jaded appetites of every member of your family. They'll say "yum yum"—instead of the usual "ho hum"—when facing another fish meal.

Use the new Frigor Club Fillets now on the market. This new method of packaging Club Fillets in uniform portions simplifies handling, as well as serving. The portions won't crumble or break. There's no waste . . . no defrosting. A 12-ounce package makes 3 to 4 servings.

FILLET AMANDINE

1 package Frigor Club Fillets
1/4 teaspoonful pepper
2 tablespoons flour
1/2 cup butter (two 1/4 cup portions)

1/2 cup sliced blanched almonds
1 tablespoon minced parsley
2 tablespoons white wine or vermouth
lemon slices

Mix the salt, pepper and flour thoroughly. Dip the Club Fillets on all sides into it, in a 9-inch frying pan saute the fillets in 1/2 cup butter—about 5 minutes on each side. Add the wine or vermouth and cook 2 minutes longer. Saute the almonds in 1/4 cup butter until brown; stir in the parsley. Place fillets on a serving dish and pour almond sauce over them. Serve each fillet topped with a thin slice of lemon.

WHY THE CHRYSLER WINDSOR V-8

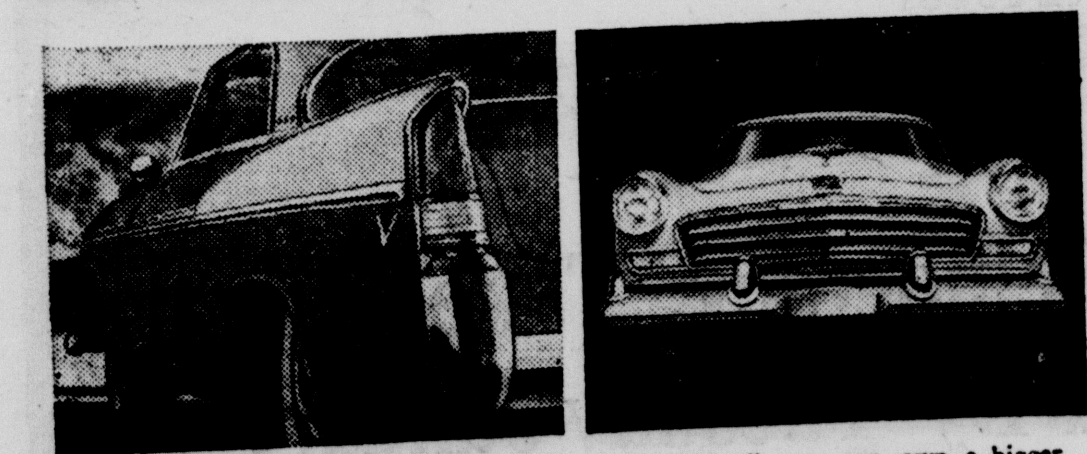

Everything about driving a Chrysler is new! You touch a button on the left (and safe!) side . . . and Push-button PowerFlite, the smoothest of all transmissions, goes into action.

From four lengths behind to four lengths ahead of a moving truck going 40 m.p.h. in 8 seconds flat. That's the kind of reserve power you get in Chrysler's great airplane-type V-8 engine.

Full-time PowerPilot Steering does 80% of the work . . . gives you a cat-footed feel of the road every inch of the way . . . requires less pull . . . only 3 1/2 turns from full left to full right.

IS THE YEAR-AHEAD CAR

And talk about style! Here's the "PowerStyle" look that is showing its sassy tail to contemporary car designs. Isn't it time you compared a Chrysler with the other cars in its price class?

Best of all, you can own a bigger, more powerful Chrysler Windsor for the cost of a medium-priced car. Here is year-ahead value that means better re-sale value for years to come.

Scholarship. Complete informa-
tion may be obtained by bankers,
school superintendents, and eli-
gible students by writing Dean of
Business, Baylor University.

The final choice of each recipi-
ent rests with Baylor University
but the Scholarship sets the cri-
terion that the student must be
"the young man most likely to
succeed in the banking profes-
sion."

In addition to the scholarship,
arrangements would be made for
the students to work during vaca-
tion periods at Waco. Such ar-
rangements will be purely option-
al with the student and regular
wages will be paid in addition to
the scholarship for any services
rendered.

music.

For our language work we cop-
ied and illustrated many Indian
poems. The class did readings a-
round these poems and we memo-
rized, in part, some of the much
loved "Hiawatha".

In spelling aside from the regu-
lar spelling assignment we learn-
ed such words as wigwam, chief-
pow-pow council, squaw, Teepee,
papoose. These words and many
more were used in sentences.

For geography many places on
the map were located showing the
many reservations.

Much measuring was done in
our art work.

Now for our finished product
Indian beads were made by dye-
ing macaroni with cake coloring.
Indian head bands and wampum
belts were made from burlap
sacks. These belts and head dress-
es were decorated with old but-
tons brought from home and tem-
pera paints furnished by the
school. Indian coats were made
from large paper sacks and moc-
casins made from milk cartons,
drums were made from oatmeal
boxes and ice cream cartons. We
also made corn dolls. We were
not unmindful of their love for
music and action stories.

The high characteristic of the
Indian race such as bravery, loy-
alty, truth and honesty did not
go amiss.

We have enjoyed our work a-
mong our Indians race and we
feel we have learned much from
it as well as enjoyed it.

12 noon.

The huge manufacturing com-
pany is holding a mass meeting
of its distributors and salesmen
from all over the country.

Egg Production Called Best Per Acre Pay Crop

Leo Fuchs and several poultry-
men were present at a Poultry
meeting held in the Vocational
Agriculture Building on Tuesday
night, January 17.

Don Stewart, manager of the
Brentwood Egg Company of Dal-
las, presented several pertinent
factors which are worthy of con-
sideration in a diversified farm-
ing program which most Milam
County farmers employ.

The points brought out by Ste-
wart are: 1. Poultry will fit very
well in a diversified farming pro-
gram. 2. Eggs, to be of good qual-
ity must have both interior and
exterior quality. Karl Neelsen, a
Brentwood representative, will be
working in the Cameron area on
a graded egg program. Stewart
emphasized. 3. Small flocks have
been replaced with a few larger
flocks and pointed to the need

for several 500 to 1,500 bird flocks
in Milam County. 4. The quality
of eggs determine their price. 5.
Hens will produce more net pro-
fit per acre than will any other
farm commodity in Milam County
(Several poultrymen present pre-
sented figures to prove this
point.) and 6. Financial help may
be secured to get into the poultry
business or to expand your pre-
sent laying hen program.

To expand a laying hen pro-
gram anyone may get in touch
with the Vocational Agriculture
teacher or the County Extension
Agent.

Leo Fuchs declared that his
Ideal Poultry Farm is also ready
to assist anyone in obtaining a
larger or better laying flock.

Present at the meeting were:
Albert Andale; Billy Gelner;
John Gelner; Arnold Glaser; Joe
Glaser; Johnnie Hein; Pete Hein;
Herman Hoelscher; John Hubnik;
Milton Hubnik; Elmer James;
Hubert Jistel; Dennis Klein; Char-
lie Lucke; Leo Moraw; R. D. Pro-
vazek; A. L. Rummel; Hubert
Wimmer; Herman Wimmer; Roy
Wright, FFA; Pat Kelley, Voca-
tional Agriculture teacher; L. R.
Thompson, Vocational Agricultur-
al teacher; Don Stewart and Karl
Neelson of Brentwood Egg Co.;
Leo Fuchs of the Ideal Hatchery
and J. D. Moore County Exten-
sion Agent. These present repre-
sent a hen population of 31,000.

**Final Registration
For Jr. Livestock
Show Is February 7**

Final day for registering for the
Milam County Junior Broiler Con-
test is February 7 and is open to
all FFA and 4-H club members in
Milam County.

Each contestant will have a
sponsor who will provide a ten
dollar entrance fee for each con-

testant (a limit of two per spon-
sor).

The Chamber of Commerce
buys the chicks and will have
them at the Courthouse on March
2 for presentation by the sponsors.

On Saturday, May 5 which will
complete a nine week growing
period, contestants will choose the
five best chickens from the flock
and will then enter them in the
poultry show held on that day.

An award banquet will be held
on May 5 at 7:30 p.m. and each
sponsor will take his proteges to
the banquet for the presentation
of awards.
